

Anchored In

Quantum Entrepreneurial Skills Programme

Join a cohort of researchers on a practical, high-impact programme designed to turn quantum research into real-world ventures. Delivered by Anchored In and Capital Enterprise, this blended training equips you with the mindset, tools and networks to navigate commercialisation and entrepreneurship.

Programme Content

The programme will be delivered in two cohorts:

- Cohort 1 - Nov 2026 - Glasgow
- Cohort 2 - Feb 2027 - Oxford

Minimum training commitments is 20 hours of in person covering:

- **How to engage externally** (8 hours - in person) master the art of clear communication, craft non-technical narratives and engagement techniques that open doors.
- **Intro to knowledge assets & IP** (4 hours - online) exploring the hidden value of research and how to use knowledge assets to drive impact & funding.
- **Basics of business** (8 hours - in person) discover the must-know tools, tips and tricks to turn great research into a successful enterprise.

Plus additional bookable 1:1 IP clinics and business support for attendees.

Additional in person training bootcamp (optional):

- **Entrepreneurial Bootcamp** (3 days) how to turn your idea into a commercially viable business opportunity.

Training the Next Generation of Quantum Entrepreneurs

Eligibility

The programme is open to all students and researchers in the UK working on the development and exploitation of quantum technologies with a particular focus of those working within any of the five UK Quantum Research Hubs.
